Who We Are....

Alhab 001 Logistics is a prominent logistics and transportation provider operating in Tanzania. Backed by more than ten years of solid experience in the logistics industry, we deliver dependable, efficient, and customized services across the supply chain—from inland transportation to warehousing and freight forwarding.

Our strong understanding of the Tanzanian and East African logistics environment, combined with a customer-focused mindset, makes us a trusted partner for organizations in various sectors, including FMCG, manufacturing, oil & gas, and government institutions.

Company Vision & Mission

Our vision and mission guide every step we take. They express our long-term goals and the daily commitment behind achieving them. Our vision describes the future we aim to build, while our mission sets out the direction we follow — ensuring that each service we offer advances our clients, our industry, and our broader community.

Vision

To become the most trusted and forward-thinking logistics partner in East and Central Africa.

Mission

To deliver smooth, dependable, and cost-efficient logistics services that surpass client expectations and contribute to economic progress in Tanzania and the region.

Our Core Values

Our work is anchored in principles that define our identity and guide the way we support our clients. These core values influence our choices, strengthen our performance, and ensure we deliver outstanding results with integrity and professionalism. They form the basis of the trust we build with our customers, partners, and the communities we serve.

1. Reliability

We honor our commitments and ensure timely delivery.

3. Innovation

We consistently enhance our processes and embrace new technologies.

5. Sustainability

We encourage environmentally conscious and responsible operations.

2. Integrity

We conduct our operations with openness, honesty, and strong ethics.

4. Customer focus

We place clients at the center of every decision and service we provide.

Our Services
